

# **Concept Eventingshow**

## **Gut Weiherhof**

### **Radolfzell**

**14. – 17.04.2022**

Due to a herpes infection at Gut Weiherhof, the following protection concept applies:

- All horses from the stock are taken to an empty stable 6km away and isolated there.
- All stables have been cleared out, cleaned and disinfected.
- All stable buildings are locked during the event.
- All sanitary facilities are cleaned and disinfected.
- Dogs to be kept on a leash at all times and everywhere.
- Disinfection dispensers will be set up in all areas (Stables, gastronomy, etc.).
- All paddocks at Gut Weiherhof are closed. These were not used by any horse from the stock in the last 2 weeks ,because the pastures were fertilized.
- Upon arrival, the temperature of all horses is measured, vaccinations are checked and everything is documented

Attached you will find a map of Gut Weiherhof. On it are marked:

- Blue: stable and parking lot
- Red: competition area for dressage, cross country, show jumping and vet-check
- Green: grasing area
- Pink: warm-up areas
- Light blue: restricted areas (stables and paddocks)
